Ross Spano for Congress
10101 Bloomingdale Avenue, Suite 201
Riverview, FL 33578

Dear Rep. Spano,

On behalf of FRC Action PAC, the political action committee connected with Family Research Council Action, I am pleased to announce our endorsement of your candidacy for the U.S. House of Representatives in Florida's 15th Congressional District.

As a native Floridian, you have a unique understanding of the issues facing your district and the values important to your constituents. As a small businessman, you have been an advocate for family-friendly tax reform. And as a state representative, you have been a strong voice for combatting human trafficking and defunding Planned Parenthood. We believe you will stand for these same issues in Congress.

You have demonstrated a strong commitment to life, family, and religious freedom. During your time in the state legislature, you have supported measures providing resources for pregnant women and advocated for the protection of all life. You supported legislation requiring a 24-hour waiting period before an abortion and co-sponsored a bill that establishes penalties for killing or injuring a fetus. You've also championed religious freedom by voting to protect churches and adoption agencies from being forced to provide services that might violate their deeply held religious convictions. If elected to Congress, we believe you will continue to fight for these values in Washington.

FRC Action PAC is confident that you will be a dedicated advocate for limited government, for individual liberties, and for strong family values. We are certain you are the leader that Florida needs, and we are pleased to offer our endorsement of your candidacy for election to the U.S. House of Representatives.

Sincerely,

A handwritten signature in black ink, appearing to read "W. G. Boykin".
